

## Brief Introduction to the Society

臺灣介入放射線學會

### Taiwan Society of Interventional Radiology (TSIR)

The Taiwan Society of Interventional Radiology (TSIR) was founded in 16th December, 2016 by Professor Huei-Lung Liang, M.D., who is the Director of the Department of Radiology at Kaohsiung Veterans General Hospital. Now TSIR is hosted by Po-Chin Liang, M.D. PhD, who is the Director of the Department of Medical Imaging at National Taiwan University Hospital Hsin-Chu Branch. Although only founded for 6 years, our society has grown rapidly, and currently consists of 310 members from all related professions, including interventional radiologist, gastroenterologist, medical radiation technologist, and basic researchers of radiology.

TSIR was founded to promote academic research in interventional radiology, create accessibility and to up to date and advanced education and re-education for young and experienced interventional radiologists, improve patient care, and encourage international and interdisciplinary exchange of knowledge.

In the past years, we have organized many quarterly and annual meetings to promote and advance interventional radiology, including just successfully hosted the latest "APSCVIR 2021 The Art of Breaking Boundaries", where invited experts from Taiwan, Japan, Korea, Singapore, Malaysia and China gave lectures and shared their experiences in the field of interventional radiology.

TSIR is excited and honored to be invited to join TDDW 2022. In this era of precision medicine, interdisciplinary collaboration and exchange of ideas is critical to excellence in patient care. We are looking forward to meeting with you at TDDW in this September. And we will specially focus on GI vascular intervention this year, including TAE for UGI bleeding, IR for vascular complication after liver transplantation, TAE for hypersplenism, TIPS, BRTO, PARTO. Wish a fruitful and successful TDDW and TSIR conjunction meeting.

President: Po-Chin Liang, M.D. PhD  
Secretary in General: Chih-Horng Wu, M.D. PhD
